Editor: Nick Hickman

The Gallery attempts to record the complete history of all the Club's trophies whether currently in use or not, and going back to its very earliest days. A few trophies are long since lost but it is thought that the majority are listed here.

The main information comes from the trophies themselves and from the Club Awards definitions published in December 2016. Some additional history is from notes of David Renney's presentation made at the January 2017 Awards Lunch, and from the "First 50 Years" history authored by Harold Briercliffe, Dave Renney and Paul Stanbridge.

Photographic equipment and assistance in creating the trophy images was provided by Jane Hickman. High quality images are also available in addition to the small pictures shown herein. Rider photographs are public domain or used with permission of the owners (including Davey Jones, Michael Webb and other members of HNCC).

Early drafts of this Gallery were reviewed by Stephen Oliver and Lindsay Foster.

3. Pete Menzies 100 Mile Trophy

[currently in use]

Nick Hickman - Icknield RC event on F1/100, 1 June 2014

This was the occasion of the last ever use of the course due to the traffic-lighted junction at the Black Cat Roundabout that was built shortly after.

Title engraving: The Menzies 100 Mile Trophy Nomads (Hitchin) C.C.

Notes: From 1946 - 1962 this was a Short BAR (20, 25, 30 miles) Award by East of Scotland Clarion C&AC. Those results are not listed here since they are not HNCC, but are on the Cup. Peter Menzies was a member in the late 1960s and early 1970s. He donated the trophy he had previously won outright as a member of the Clarion. He left the Club on emigrating to South Africa. The 100 is an Open Event nominated for the Club championship.

12. Ken Underwood Trophy

[currently in use]

Title engraving: Ken Underwood Memorial Trophy

Also engraved: Nomads Cycling Club (Hitchin) 1976

Notes: Ken Underwood joined the Club in the 1950s. He was an all rounder competing in Road Races, Track Races and Time Trials from 10M to 12HR. He died as a result of a car accident in Letchworth in the early 1970s. The basis of the award for earlier years is not 100% clear. From 2016 it uses the VTTA 3-distance competition – weighted rides at 25M, 50M and 100M Club, VTTA or Open events: Performance against VTTA handicap at 25 miles, plus 50% of performance against VTTA handicap at 50 miles, plus 25% of performance against VTTA handicap at 100 miles.

27. Highest Annual Mileage [currently in use]

Meliné Fletcher - 2014 winner (with assistance from Paul Riley and David Rickels on this ride).

Title engraving: Nomads (Hitchin) CC 2014 Highest Annual Mileage

Also engraved: Alan Thompson Memorial Cup Tourist Trophy

Notes: This became the highest annual mileage trophy from 2014, currently based on March - October miles (not on a static bike). The trophy was originally the Alan Thompson Memorial Cup, awarded from 1956 - 1995. The competition, organised by Walt Livings, consisted of a series of questions where the answers would be found on a course set by Walt. It is also thought that points were awarded for a free-wheeling competition, with the most points awarded for the rider to go the furthest from a downhill standing start, and a speed judging competition where riders had to maintain a set pace over one mile, without the benefit of a GPS device or other speedometer of course!

During 2017, Certificates of Achievement were also introduced:

Level	Mileage	Average per month
Bronze (senior)	4000	500
Silver (senior)	4800	600
Gold (senior)	5600	700
Platinum (senior)	6400	800
Gold (junior under 12 yrs)	500	62.5
